ACE Fuelcard

– even more sites, and an even better site locator

In addition to new fuel stations being added to the nationwide network of more than 650 carefully vetted sites, ACE, the low cost fuelcard from ACE fuelcards, have also introduced a new, upgraded Online Site Locator to make it even quicker and easier for ACE fuelcard holders to find convenient local fuel stops, whatever their location or route.

The screenshot displays the ACE Fuelcard Service Station Finder interface. It features a search form on the left with fields for 'Address', 'Town' (set to 'Birmingham'), and 'Postcode'. A 'SEARCH' button is located below the form. To the right of the form is a map of Birmingham, showing various fuel stations marked with icons. Below the map is a table listing the search results.

ACE cardholders simply need to enter a street & town or a postcode in the relevant fields, or click on the map at <http://www.ace-fuelcards.co.uk/sitelocator.html> and a full list of the nearest sites is displayed, together with all critical information including opening times, address, location on a map, brand of fuel and whether HGVs are accepted .

Steve Clark, Sales and Marketing Manager at ACE Fuelcards, commented: “The ongoing expansion of the ACE network and upgraded Site Locator further underline ACE’s commitment to providing the best service in our industry.

“The ACE fuelcard enables owner/drivers and fleet managers to benefit from all the advantages of fuel card transactions over cash and credit card – without the costs.”
